**CACI and Oracle invite you to attend a Contract Lifecycle Management Event.**

Please join us at The Willard InterContinental in Washington DC to learn about CACI and Oracle's agreement to jointly develop a Contract Lifecycle Management solution that helps federal organizations author, execute and manage procurement contracts in compliance with the Federal Acquisition Regulation (FAR), Defense Federal Acquisition Regulation Supplement (DFARS), and other agency supplements.

CACI will provide subject matter expertise gained from years of experience in designing and implementing contract management systems for the Department of Defense and federal civilian agencies to help Oracle enhance the functionality of its commercial-off-the-shelf (COTS) Oracle® E-Business Suite. This functionality is expected to support both routine and complex acquisitions and be integrated with Oracle's procurement and financial management applications to provide a complete procure-to-pay process that meets government compliance mandates and transforms federal contract management.

**February 3, 2009**  
7:30 am - 11:30 am

**The Willard InterContinental**  
1401 Pennsylvania Avenue NW
